Opposite Chelsea Savings Bank,
Norwich, Conn.

WATER MAIN SPLIT BY FROST

Bursts in Several Places Under Preston Bridge—10 Inch Pipe
Has Been Frozen Solid this Winter—Thawed Out and
Burst Early Thursday Evening.

The ten-inch water main that crosses Preston bridge thawed out and burst on Thursday evening about 6.30 o'clock, sending a flood of water spouting out of it down into the street. The water came from probably three or four or possibly more places where the frost had been frozen solid by the cold weather of the winter months, which is a condition not unusual. Sup't. J. J. Corkery of the water department said Thursday evening, but it is not always that the frost breaks the pipes.

When the pipes burst the big drain which that occasioned on the supply in East Norwich soon made itself felt to the householders and practically all in that section realized there was something the matter with the water. As soon as he was notified by telephone, Superintendent Corkery got Foreman Michael H. O'Neill and helpers there from some work they were doing on the West Side, where there was a break in a service.

**LAND FOR ADDITION TO
NEW LONDON ARMORY.**
Proposed That City Present It to the
State.

A movement is on foot to request the city of New London to donate to the state a lot of land adjacent to the armory of sufficient size to permit the building of an addition to the present building large enough to accommodate the artillery equipment soon to be installed there, provided the state will buy the land. This year's appropriation by congress will carry between \$30,000 and \$40,000 for the equipment of the New London armory with a 12-inch gun and disappearing carriage for the instruction of the coast artillery companies there.

The state has appropriated \$10,000 for improvement of the armory to be made this spring, but before the government will install the equipment the interior of the building must be in satisfactory condition to receive it. Should this not be the case, it may be years before New London's turn comes again.

At the present time the armory is the only building in that city suited to large gatherings. It can be used to seat from 3,000 to 4,000 persons. Should no addition be built, the installation of the artillery equipment would take up a good part of the space and would prevent any such other gatherings being held in the future. The city owns the adjoining property in Colt street and it has been suggested that it would be good policy to give a portion of it to the state for this purpose, thereby insuring the use of the present floor space in the armory for public functions. The 12-inch gun to be installed is 42 feet long and weighs 60 tons.

HERO OF ALBANIA.
Rev. Dr. Erickson Visiting Here—To
Speak at Norwich Churches.

Rev. C. Telford Erickson, Ph. D., and his family are the guests of Dr. Joel B. Slocum of the Central Baptist church. Dr. Erickson has been a missionary in Albania under the American Board (Congregational) for several years. He has been remarkably used in the opening up of that country to Christianity. Graduating from Yale university, he has been a large pastor in this country, but his heart led him to the foreign field. His sufferings for the sake of Albania have earned for him a title by which he is known in America and Europe—"The hero of Albania." He is one of the really great men of our day. Norwich is favored in the privilege of hearing him next Sunday noon at the Central Baptist and in the evening at the Second Congregational church.

TWO-HEADED CHICKEN.
In Hatch of White Wyandottes—Lived
But a Short Time.

A two-headed white Wyandotte chicken was hatched out in a setting of eggs owned by R. E. Foxworth of 67 Reynolds street on Thursday. With the exception of its two heads the chicken was normal in every way and the egg it was hatched from was of medium size and apparently contained but one yolk. The heads were growing side by side and each head was perfectly formed. The chicken lived only a short time after hatching. Mr. Foxworth intends to preserve the body of the freak chicken in alcohol.

State Baptist Trustees.
At the semi-annual meeting of the official board of the Baptist State convention, held in Waterbury Wednesday at the First Baptist church, the matter of appointing an assistant secretary to the secretary of the state convention was referred to a special committee with power. Other matters considered were those of routine business. Wednesday afternoon a meeting of the educational board of the state convention was held.

The officers of the state convention and 39 trustees comprise the official board. Those present at the meeting Wednesday included Judge E. K. Nicholson of Bridgeport, president of the state convention and chairman of the board, A. B. Coats, D. D., H. M. Thompson, D. D., J. N. Lackey, D. D., H. J. White, D. D., W. G. Pennell, D. D., Hartford, J. R. Brown, D. D., J. W. Nicholson, D. D., and Rev. W. N. Morton of Bridgeport, Rev. Dr. Frederick W. J. Trevitt of Middletown, and Rev. Horace B. Sloat, Rev. John Barone, A. J. Shipley, William O'Neill and W. R. Dixon of Waterbury.

Annual Appeal From Assessors.
Following its annual custom, the Central Vermont Transportation Company has taken an appeal from the decision of the doings of the board of relief in New London in assessing that corporation \$100,000 on the company's freight steamers New York and New London. The case is returnable before the superior court the first Tuesday in May. Following the assessment of the steamers, the company appealed to the board of relief, asking for a reduction of the assessment, but the request was denied.—New London Globe.

Engagement Announced.
The engagement is announced of Miss Miriam Barstow, now of Salem, Ore., and Walter Abbe, Jr., of Pittsburg, Pa. Miss Barstow is a niece of Mrs. A. H. Maize of Groton and was for two years a teacher in the Manual Training school in New London. Mr. Abbe is related to Guilford Smith of Windham. They will make their home in Salem.

**"BUSTER" IN TRAINING
FOR LONG SWIM.**

Elionsky to Race Others From Battery to Sandy Hook.

Henry Elionsky, "Buster," has returned to his home in New London from New York where he had been observing the methods employed by instructors in swimming of world wide fame, in order to apply any innovations that are found to be desirable when he begins a school of instruction in the beach next summer.

Buster is in training all the time and any innovation that appeals to him is adopted and tried out. He has a long swim coming for himself on the 19th of June when he will meet Sam Richards, Charlie Durborrow and others in a swim from the Battery to Sandy Hook. The race will be open to amateurs only. Elionsky regards the course as too short for a complete test. He is trying to convince the authorities that the long distance championship should go to the swimmer who can cover the greatest distance. He wants to swim from the Battery to the Battery again and then take another tide to Coney Island covering in all about 20 miles and taking about 48 hours to accomplish it. He is willing to sacrifice the race that has been arranged for him and Rose Pinnoff. He has agreed to swim against the long distance mermaid from the Charlestown bridge to Boston Light and return. Of course he was willing to have his hands and feet tied. Since money has been wagered on the result Elionsky has been advised to withdraw for fear of endangering his amateur standing and he will accede to the wishes of his friends. Elionsky intends to follow Al Brown in the latter's attempt to swim the English channel next summer.

Engagement Announced.
The engagement is announced of Miss Mary Musante, daughter of G. B. Musante of New London to Eugene A. former practicing attorney now employed as traveling salesman by a New York firm.

The eggs of the world are now incubated successfully.

REASONS FOR APPEAL IN PERKINS CASE.

State's Attorney Hull Claims the Court
Erred in Three Points.

In the rather unusual instance of the state taking an appeal in a criminal case after a jury has acquitted the accused, State's Attorney Hadlai A. Hull has perfected his appeal in the case of the state vs. Mrs. Lillian M. Perkins of Allyn's Point, and the same has been prepared in the usual printed form for presenting before the supreme court of errors.

Mrs. Perkins, who shot and killed her son-in-law, Thomas V. Conchally, at her home on June 3, 1913, was tried here in the superior court on the charge of manslaughter and acquitted by the jury which heard the case. Judge Gardner Greene accepted the verdict. Soon afterwards the state's attorney gave notice that he would take an appeal to the supreme court of errors. He expresses his appeal on three grounds in the following words:

1. The court error in charging the jury as follows: The second division of the question of defense which I wish to make is the defense of the home. The law makes a distinction between assaults made upon a man's household and assaults made upon a man in other places. In early times people were obliged to fortify their houses and of themselves, as it were, castles for the defense of the inmates. The law has conformed to this condition of things, and is so.

2. The court error in charging the jury as follows: The second division of the question of defense which I wish to make is the defense of the home. The law makes a distinction between assaults made upon a man's household and assaults made upon a man in other places. In early times people were obliged to fortify their houses and of themselves, as it were, castles for the defense of the inmates. The law has conformed to this condition of things, and is so.

3. The court error in charging the jury as follows: The second division of the question of defense which I wish to make is the defense of the home. The law makes a distinction between assaults made upon a man's household and assaults made upon a man in other places. In early times people were obliged to fortify their houses and of themselves, as it were, castles for the defense of the inmates. The law has conformed to this condition of things, and is so.

Grand Lodge Officers, N. E. O. P.
At the grand lodge meeting of the New England Order of Protection at Bridgeport Wednesday the following officers were chosen: Grand warden, William G. Coxeter, Hartford; vice warden, John J. Liddy, Bridgeport; junior past warden, James L. Christie, Bridgeport; secretary, John J. Minix, New Haven; treasurer, Fred M. Drew, Ansonia; chaplain, Mary A. Bruce, New Haven; guide, James E. Cowlishaw, Hartford; grand guardian, Julia A. Archer, New London; sentinel, W. A. Taylor, Meriden; trustees, Robert Griffin Naugatuck, James L. Wheeler, New London; Chauncey Provost, Stamford; finance chairman, W. A. Smith, New Haven; appeals chairman, T. J. Meaney, New Haven.

Frank Palmer's Condition.
The condition of Frank L. Palmer of New London who has been under treatment in New York since arriving in that city from Camden, S. C., where he went for his health, is such that it is still deemed inadvisable by the attending physician to permit his removal to his home. Mrs. Palmer and family are remaining with Mr. Palmer and probably will until such time as his strength returns and makes possible his return.

A SIMPLE WAY TO REMOVE DANDRUFF

Prevent Falling Hair and End
Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid aryon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it.

AT THE AUDITORIUM.

Motion Pictures With Lenten Subject
The Auditorium has for the last of this week a very appropriate four act Lenten picture, Satan, or the Drama of Humanity. Their topics are Satan from the creation until the fall of the Tower of Babel. While Christ was on this earth, in the middle ages and lastly, the present. Satan is shown driven out of Paradise by God for fighting against good and is cast on earth. He then begins to sway his evil power on the hearts of the inhabitants of the earth. All through the ages until the present times scenes are shown in which the tempter is the master. In the last scene Satan, glorious in his work of destruction, peacefully lights a cigarette and smiles in satisfaction at all the ruin he has caused.

Grand Lodge Officers, N. E. O. P.
At the grand lodge meeting of the New England Order of Protection at Bridgeport Wednesday the following officers were chosen: Grand warden, William G. Coxeter, Hartford; vice warden, John J.
